## Skills

---

JavaScript | React | HTML | CSS | Node.js | MongoDB | Express.js | Mongoose | java | Python | Flask  
JQuery | PostgreSQL | Bootstrap | ODM | Git | Github | RESTful Routing JSON

## Projects

---

2022/03 – 2023/03

### Recipes

*Responsive Web Application* | Express | MongoDB | Mongoose | JavaScript | Node.js | HTML | CSS | Bootstrap

- Utilized a MERN stack (MongoDB, Express, React.js, Node.js) to build a full-stack application in 4 days. With full create, read, update, delete (CRUD) operations hitting all RESTful API calls.
- Used Mongoose to define schemas for MongoDB collections.
- Styled and created the visual aspects using Materialize, HTML5, and CSS3
- User can create recipes to share with other users.
- Utilize bootstrap to create the UI of the app.

2022/04 – 2022/04

### Travelly

*Responsive Web Application* | HTML | CSS | Python | Bootstrap | JWT | Git | Postgresql | flask | Heroku

- An application created with FLASK and python to create responsive web application.
- Made frequent commits using Git control throughout the production of the application.
- Utilized bootstrap to make the app mobile friendly.

2022/04 – 2022/04

### Games, Groups & Gathering

*Responsive Web Application* | React | Express | JavaScript | HTML | CSS | Node.js | Mongoose | MongoDB | Bootstrap | Heroku | AJAX | JWT | Git

- Worked in a group of 3 to create a full-stack react app for friends and family to use and utilized Git Collaboration for version control
- Implemented two API
- Built React components to efficiently render site information, providing the user with a seamless experience
- Utilized Bootstrap to create mobile responsive app.

2022/02 – 2022/02

### Connect Four

*Responsive Web Game* | JavaScript | HTML | CSS

- Created an application and styled using Styled-Components and CSS3 with flex-box layouts.
- Made frequent commits using Git control throughout the production of the application
- Used trello to organize all materials which included wire-framing and user experience.
- Utilized Javascript, html and CSS to create a light/dark mode feature that changes based on user preferences.

## Professional Experience

---

2021/11 – 2022/01  
Shrewsbury, USA

### **Package Hangler**

*United Postal Service*

- Assembled, sealed, and loaded packaged into correct trucks
- Loaded required numbers of 300/hr packages.
- Followed verbal and written instructions to properly move and ship products.
- Had to handle approximately 1000 packages daily to load in packages with various weights.

2019/10 – 2020/02  
Braintree, USA

### **Retail Assistant**

*Primark*

- Balanced and organized cash register by handling cash and counting change.
- Used POS system to process sales, returns, and gift card activations.
- Approached each problem with a fresh mind and analytical strategies to quickly resolve concerns.
- Checked out hundreds of customers during the weekends.

## Education

---
